

Disegnata da Dario Gaudio e Vittorio Venezia, Controstampo, vincitrice del Cristalplant Design Contest 2013, è una collezione dichiaratamente ispirata al linguaggio degli oggetti industriali e rappresenta un nuovo modo di interpretare l'ambiente bagno nel settore contract. Vasca da bagno e lavabo freestanding, il tutto realizzato in Cristalplant Biobased® e disponibile anche con finiture in corten metallico spruzzato sulle superfici esterne per accentuare i segni di un'estetica che non nasconde nulla. / Designed by Dario Gaudio and Vittorio Venezia, winner of the Cristalplant Design Contest 2013, CONTROSTAMPO draws inspiration from industrial objects and represents a new way to interpret the bathroom in the contract sector. Freestanding bathtub and sink, all made in Cristalplant Biobased® also available with liquid corten finishing on the outer surfaces to accentuate the signs of an aesthetic that hides nothing.

Lavabi freestanding della serie CONTROSTAMPO nella versione finitura in corten metallico. Questa particolare lavorazione delle superfici in Cristalplant Biobased accentua il carattere industriale della collezione ed è realizzata con un sofisticato processo di verniciatura a più strati.

Freestanding basins of the CONTROSTAMPO collection with liquid corten finishing. This special surface processing on Cristalplant Biobased accentuates the industrial character of the collection and is made by a sophisticated multi-layer painting process.
