falper.

Solid and tactile, the
Marble defines the
base with elegance,
while Murano *blown*
Glass cradles the water,
enhancing its light,
depth, and transparency.

Mono, precise in form and perfectly proportioned, it expresses a unique harmony where every line and surface meets in quiet balance.

^(FR) Mobile componibile in Noce Canaletto con venatura "Bilia". Il top con lavabo integrato in marmo Tundra Grey modello "Round Soft" completa la composizione, creando un raffinato equilibrio tra il calore del legno e l'eleganza materica della pietra.

^(EN) Modular cabinet in Canaletto walnut with "Bilia" grain. The top with integrated "Round Soft" washbasin in Tundra Grey marble completes the composition, creating a refined balance between the warmth of wood and the material elegance of stone.

Maestro

by Massimo Castagna

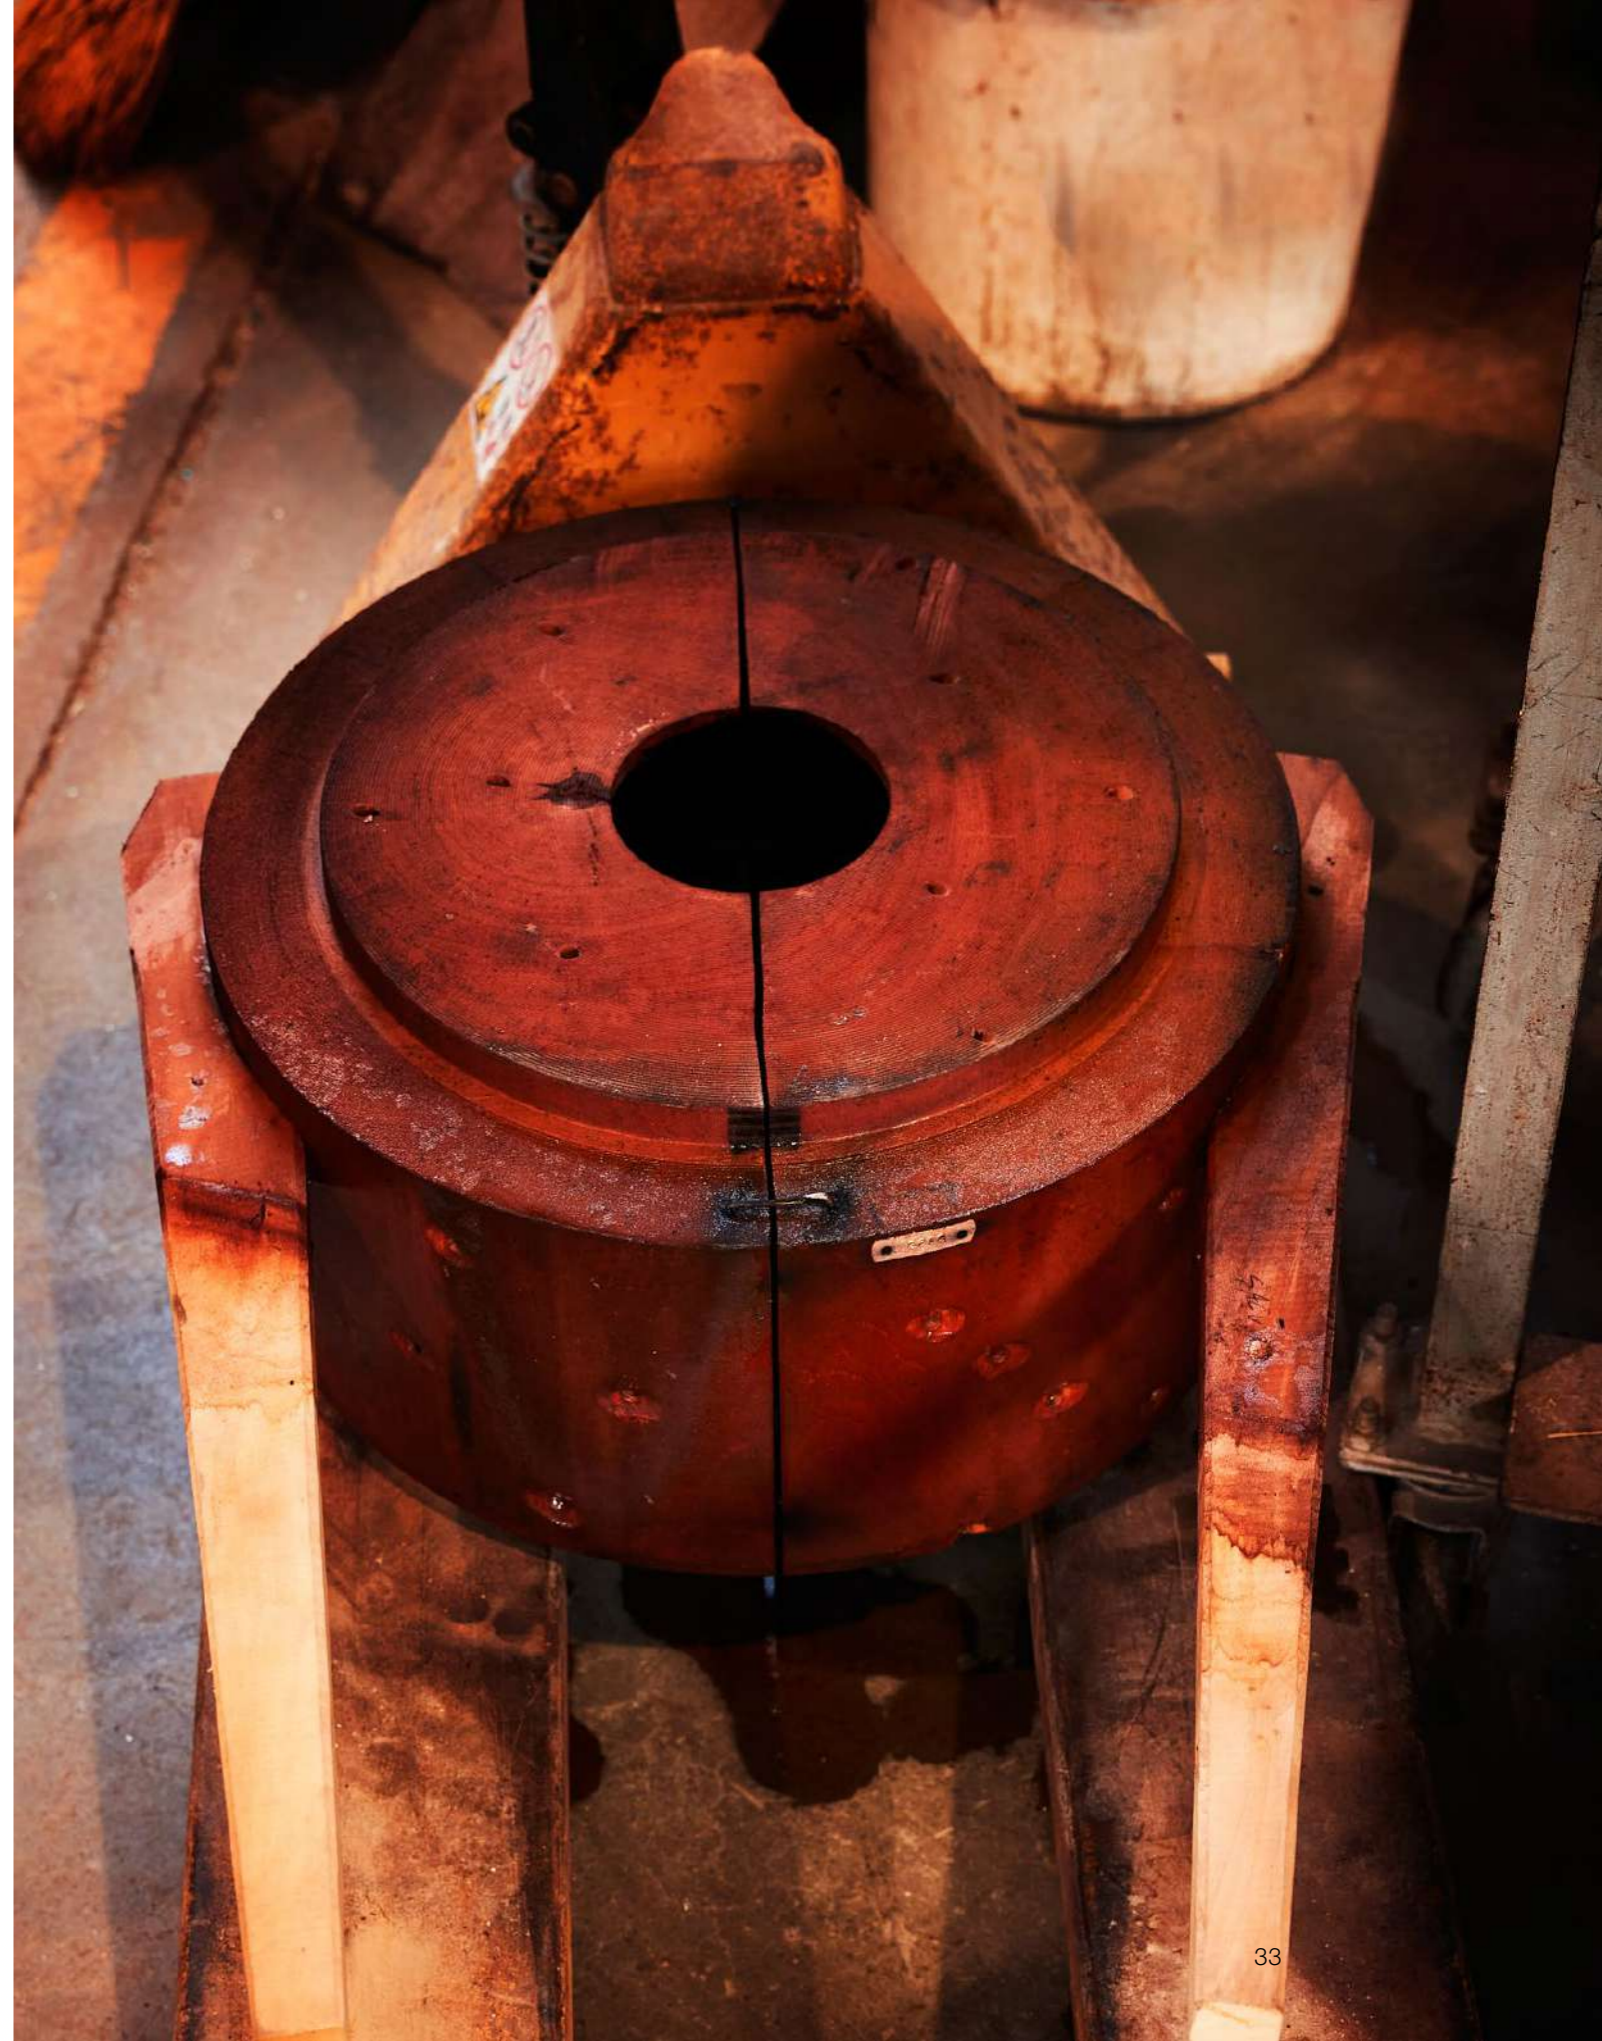

A basin named after Murano masters, never identical, with hues and forms pushing blown glass limits, also reimagined in solid surface and marble.

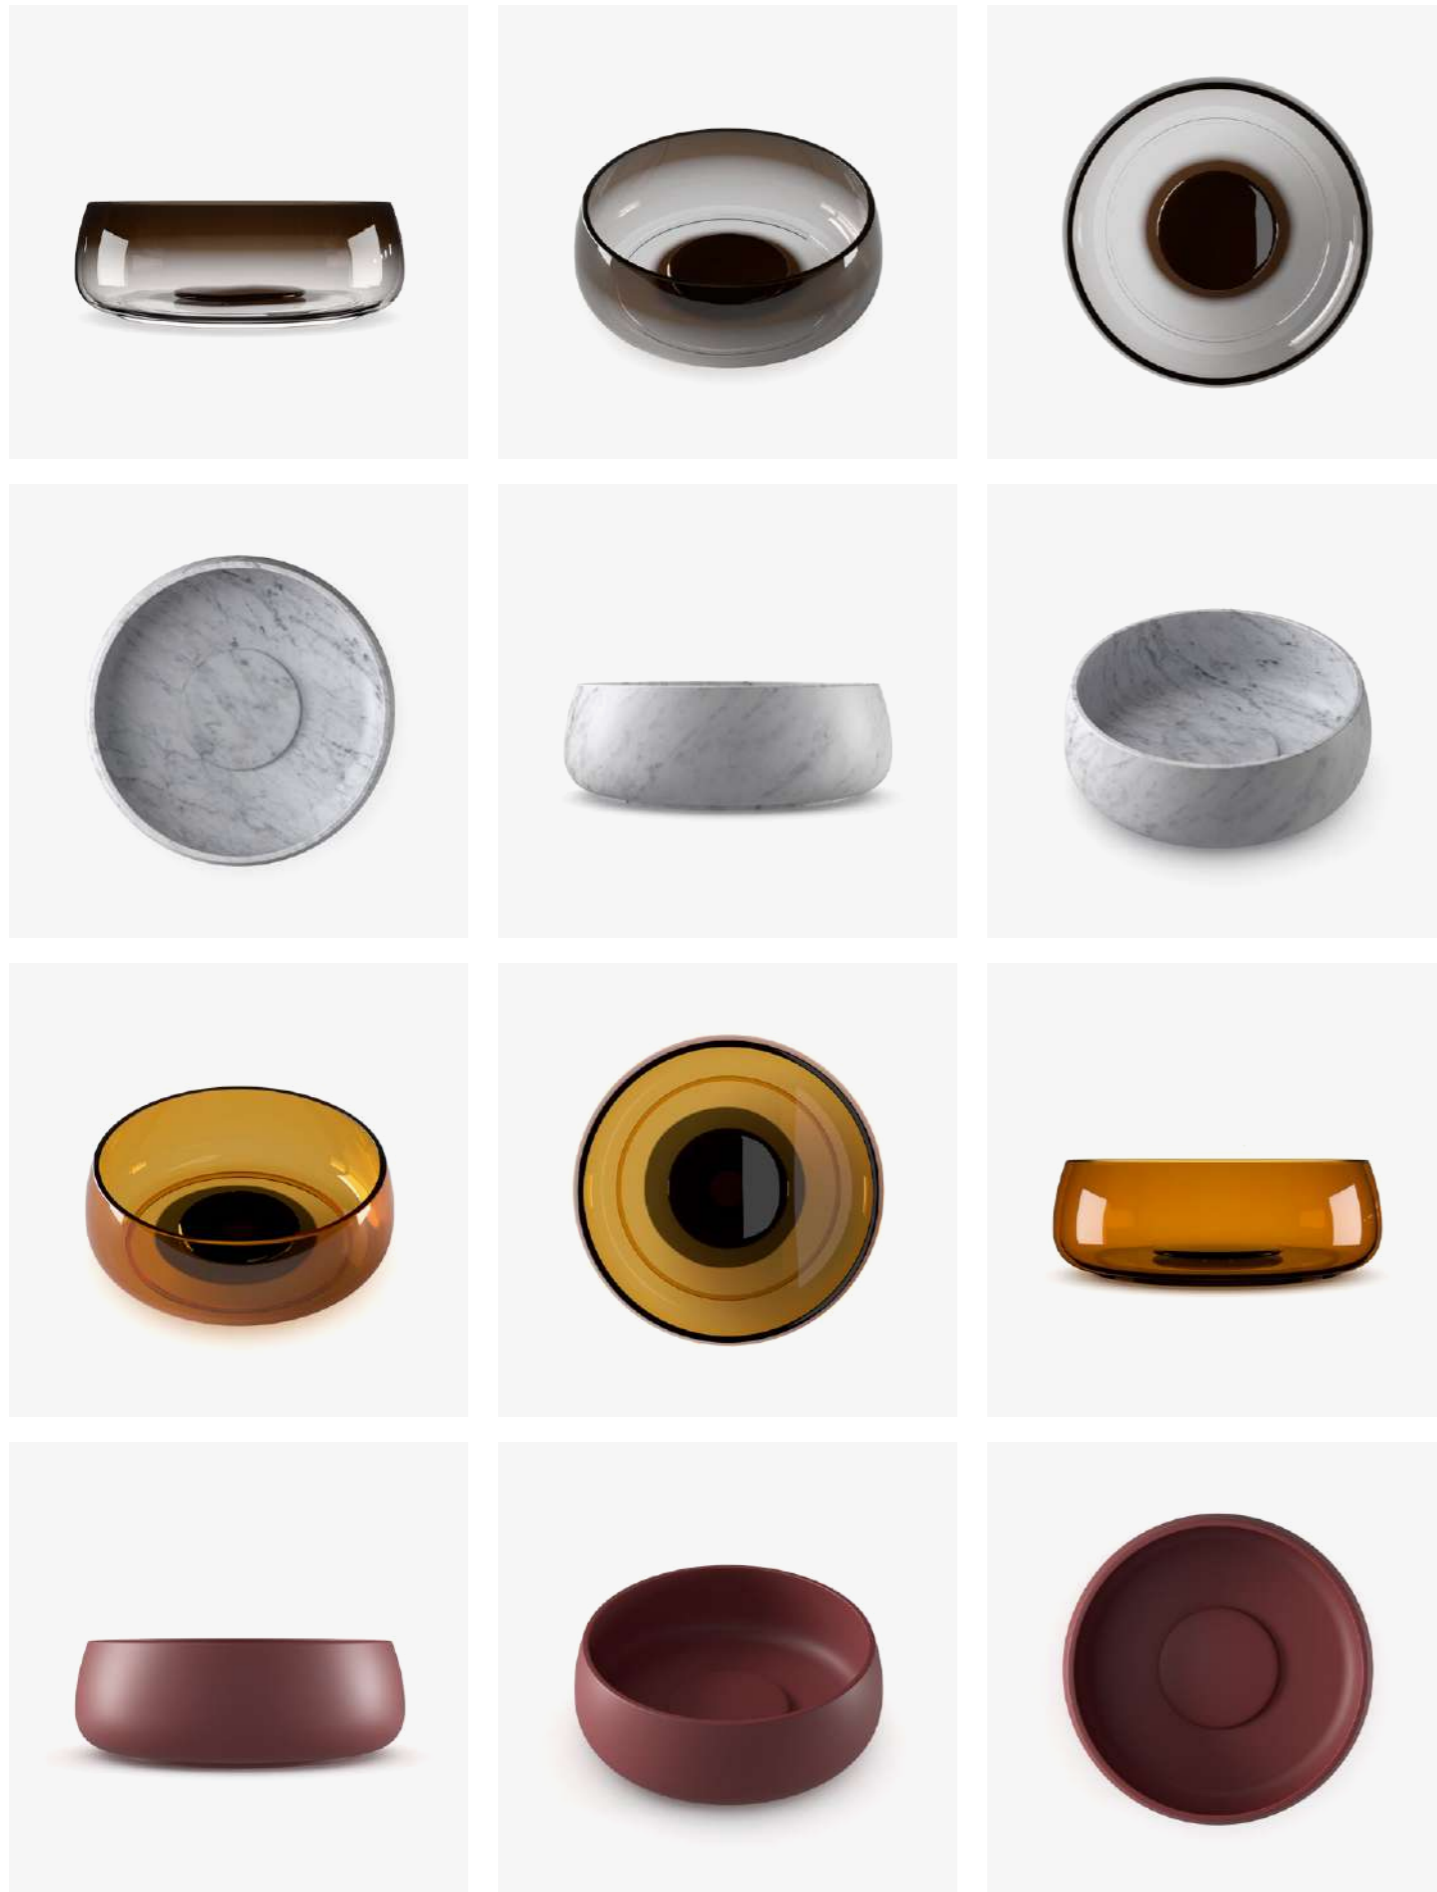

⁽¹⁷⁾ La lavorazione del vetro soffiato in stampo di legno è un processo ultracentenario che rende ogni elemento frutto dell'inimitabile capacità artistica del maestro vetraio che lo realizza. Il design di Massimo Castagna è un incontro di forme, pensiero e materia. Non un prodotto di serie, ma un'eccellenza del Made in Italy.

⁽¹⁸⁾ Blown glass crafted in wooden moulds is a centuries-old process that makes each piece the result of the glass master's inimitable artistic skill. The design by Massimo Castagna is a meeting of form, thought and material. Not a mass-produced item, but an excellence of Made in Italy.

“Maestro” is an idea of absolute lightness: glass, light and matter come together in an essential form, made unique by the large glass waste cover, a distinctive feature of the design.

^(IT) Maestro è disponibile in vetro, marmo e Cristalplant Bio Active. Un lavabo dalle forme morbide, caratterizzato da una grande piletta, elemento distintivo che ne definisce l'estetica con forte personalità.

^(EN) Maestro is available in glass, marble and Cristalplant Bio Active. A washbasin with soft shapes, distinguished by a large waste cover, a defining feature that gives the design a strong identity.

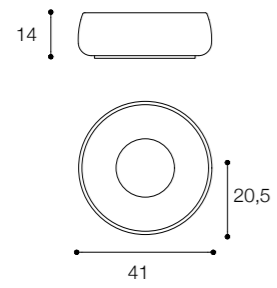

Maestro interprets the washbasin as an exclusive furnishing object: enveloping proportions, flawless surfaces and a striking presence that expresses discreet luxury and sophisticated contemporaneity.

Cavo

by Massimo Castagna

Sculpted from marble,
basin reveals organic
depth, irregular
textures and balanced
proportions, where
natural fragments and
polished surfaces create
quiet, timeless elegance.

Washbasin carved from solid marble, where the strength of the material meets the purity of design. Its natural veining makes each piece exclusive, expressing authentic, timeless luxury.

^(IT) La lavorazione del marmo dal pieno è un processo che trasforma la materia naturale in manufatto, esaltandone finitura, forma, spessore e calore. CAVO prende il nome da una forma appena modellata, essenziale e materica. Non un prodotto di serie, ma un'eccellenza del Made in Italy.

^(EN) Carved from solid marble, the process transforms raw material into a refined object, enhancing its finish, form, thickness and warmth. CAVO takes its name from a barely shaped, essential and material form. Not a mass-produced item, but an excellence of Made in Italy.

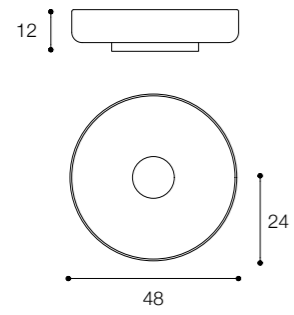

⁽¹⁷⁾ Lavabo Cavo in appoggio su mobile componibile della collezione Essenza. La rubinetteria della serie Acquifero in acciaio inox Aisi 316 completa un mobile dal rigore sofisticato, dove equilibrio formale, matericità ricercata e dettagli essenziali definiscono un'eleganza contemporanea.

⁽¹⁸⁾ Cavo countertop washbasin set on a modular cabinet from the Essenza collection. The Acquifero tapware series in AISI 316 stainless steel completes a piece defined by sophisticated rigor, where formal balance, refined materiality and essential details express a contemporary elegance.

Finiture / Finishes

Bronzo e Chiaro
Bronze and Light

^(IT) Ego Fold nasce dall'incontro di due specchi nelle tonalità bronzo ed extra chiaro, accostati in un equilibrio di grande raffinatezza. La pratica anta pieghevole ne arricchisce la funzionalità, trasformandolo in un elemento distintivo che unisce eleganza decorativa e uso quotidiano.

^(EN) Ego Fold is created through the combination of two mirrors in bronze and extra clean, paired in a composition of refined elegance. The practical folding door enhances its functionality, turning it into a distinctive element that combines decorative sophistication with everyday use.

Lens

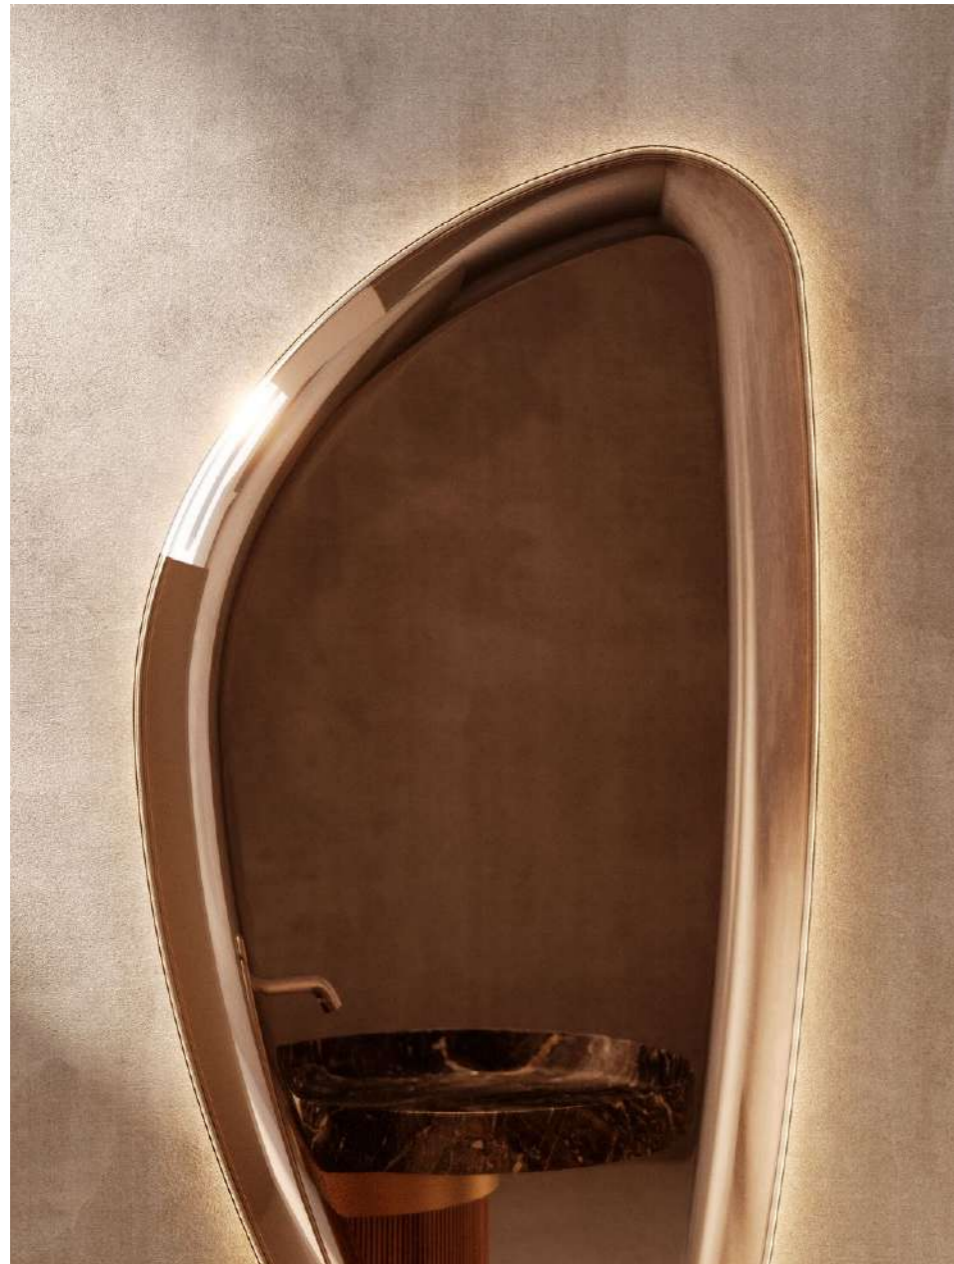

by Massimo Castagna

A vertically organic mirror, curved along its entire perimeter, a reflective sculpture designed to be admired, and to admire oneself in its form.

^(IT) Specchio Lens verticale, dalla forma organica pensata per dialogare con elementi freestanding. Unione di funzione e sofisticazione, dove specchio e arte convivono. Disponibile in vetro bronzo, fumé grigio o extra chiaro, con illuminazione LED sul retro. Lavabo freestanding Eccentrico, by Victor Vasilev.

^(EN) Lens vertical mirror, featuring an organic shape designed to interact with freestanding elements. A fusion of function and sophistication, where mirror and art coexist. Available in bronze, grey smoked or extra-clear glass, with rear LED lighting. Freestanding washbasin Eccentrico, by Victor Vasilev.

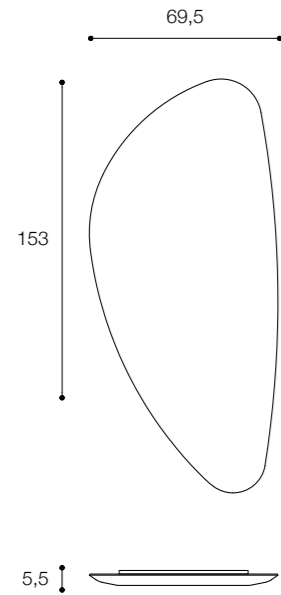

“ I wanted this mirror to dissolve boundaries between object and reflection, becoming a living sculpture that transforms space and invites a deeply personal interaction. „
